

GROWBIZ SCOTLAND

VOLUNTEER TRUSTEE VACANCIES

GrowBiz is Scotland's leading independent rural enterprise support and development organisation. We are currently seeking to recruit new Trustees to join our Board.

GrowBiz is a registered Charity and UK Company governed by a Board of Trustees who play a vital leadership role in our organisation. Our Board sets the strategy of the organisation and oversees our governance and financial arrangements, ensuring that we operate in line with best practice and our charitable objectives. As a Trustee, you will play an important role in our future direction and provide support to the board and the Chief Executive.

We are committed to making our Board as age-inclusive, accessible, balanced and diverse as possible, to reflect the people and communities we work with. Therefore we welcome applications from dynamic individuals of any age, gender or background; from all sections of society, who have a strong commitment to the success Scotland's rural economy. In particular we would be interested in hearing from younger candidates, those from a minority ethnic background and individuals representing other groups in society that are currently unrepresented at Charity Board level, to broaden and strengthen the skills, experience and perspectives of our existing Board.

Board meetings are held on a bi-monthly basis. Meetings are a blend of teleconferencing and in-person, most usually at the GrowBiz HQ in Coupar Angus in Perthshire. Meetings generally last 2 hours. Previous Board membership is not essential, and these positions provide the opportunity to gain governance and leadership experience while supporting an important sector of the Scottish economy. They are being offered on a voluntary basis, and full support and training will be provided.

Interested candidates are invited to email their CV and covering letter
to: jackie@growbiz.co.uk

If you would like to find out more about the role, please email jackie@growbiz.co.uk to request an informal, confidential conversation with Jackie Brierton, GrowBiz's CEO.
